INITIAL REPORT BY OFC DAVIS 821
ASSAULT II, ROBBERY III, CRIMINAL MISCHIEF III

On Tuesday, 07-18-2017, at approximately 2131 hours, officers were dispatched to a report of a stabbing in progress at 3833 NW Boxwood Drive. Dispatch notified the responding officers that the knife had been taken away from the suspect. The suspect was described as being a white male, approximately 6 foot 1 inches tall, 160 pounds, with blonde shoulder length hair. Based upon this information I initiated my lights and sirens. and proceeded to drive towards the residence with a Code-3 response. While en route, I was notified the suspect was named Spencer Barrett.

INITIAL RESPONSE:

I was the first officer to arrive at the house, when I exited my patrol car I walked to the front of the house and saw a woman on her phone (later identified as Colleen Barrett, Spencer's mother) standing on the front porch of the house. Colleen told me her husband, Daniel Barrett, was just stabbed by their son, Spencer. I asked Colleen how serious Daniel's injuries were, and she told me they "were not too bad". I then asked her where Spencer was, she said she thought he was downstairs and she was holding the knife. She further explained there was a door downstairs that Spencer could leave the house through; I went around to the bottom of the house to look for Spencer

When I got to the bottom of the house I could see into a living room, I saw signs of what could indicate a struggle might have occurred in the room. There were some items scattered around on the floor, and a large pile of coat hangers that seemed out of place. Please refer to the scene photographs for a visual depiction of the state of the room. I could see some movement in another room downstairs but could not tell who was in the room, I opened the back door and walked into the house to get a better visual. I had authority to enter the house under the Emergency Aid Doctrine and Community Caretaking Act based upon my fear the others in the house may be in imminent danger if Spencer was still inside.

Once I walked into the downstairs I observed a female (later identified as McKenna Barrett) in what appeared to be a bedroom, I waited a moment to see if anyone else was downstairs before speaking with her. I then identified myself as a police officer and asked her if Spencer was with her, she told me he was not. I asked her if she saw where Spencer had last gone, she told me she "had no idea" and implied he may have just gone back upstairs. I then told her to go get with the others in the house and wait outside until I could determine where Spencer was. During my brief interaction with McKenna she appeared to be packing some clothes and/or items.

After speaking with McKenna I promptly went upstairs to ensure the others inside the residence were not in danger. I told them to all walk outside the front of the house while I searched the house for Spencer. As I was escorting them out the front of the house I observed some blood running down a middle-aged man's arm (identified as Daniel Barrett). I asked Daniel if he was doing okay, and he told me he was "fine". While I was attempting to get some preliminary statements regarding weapons in the house, and possible places Spencer may be I heard someone state over the radio a man was seen running northbound on NW Honeysuckle Drive.

While other officers in the area attempted the find the man on foot I searched the house for Spencer. I searched the entire residence and did not find Spencer, but when I returned downstairs to complete a full search I saw McKenna downstairs. McKenna asked me if she could take her dog with her outside, since she was already holding her dog I told her that was fine but she needed to leave the house immediately and wait with the others outside the house for her safety.

= why does a inlaw ~~step~~ father give his son in law a gun — because he trusts him in LAW

I then went back upstairs and saw Colleen still was holding the knife; I had her set it down upstairs in the kitchen. I remained with the knife until I was able to secure it. While standing with the knife I asked Daniel if he would come speak with me in the kitchen regarding the incident. While I spoke with Daniel, Officer Palmer and Officer Stenger spoke with the other witnesses (See their supplemental reports for additional information).

~~Mankind has gotten to a~~ point where one family trusts me more than mine to protect daughter

INTERVIEW WITH DANIEL BARRETT:

I first asked Daniel about his injuries and asked him if he required immediate medical attention, he told me he did not. While speaking with Daniel, medics arrived on scene and did a preliminary examination with Daniel. Medics advised Daniel that he needed to go to the hospital to get his wounds examined further. I observed a cut to Daniel's left hand pinky finger, a stab wound on Daniel's left upper triceps, and a stab wound to Daniels left hip-area. I asked Daniel to rate the pain of his injuries on a scale from 1-10, 0 being no pain at all, and 10 being the worst pain imaginable. Daniel rated the pain on his finger as a 2/10, the pain on his triceps as a 6/10, and the pain on his hip as a 7/10. Daniel told me his hip hurt "pretty bad". (More information regarding the injury descriptions is located below).

Because guns dont kill ppl, ppl kill ppl — protection from outsiders

objective statement about the world

(7 mas -months ago)

I asked Daniel to explain what happened; he told me he needed to begin by telling me about two weeks ago when Spencer's mental state started to degrade. Daniel said Spencer received a pistol from his father-in-law about two weeks ago. When Spencer told him about it shortly after he received the gun and said something to the effect of, I do not know why he would give me a gun. Daniel said the way Spencer said this concerned him, and felt as if Spencer was saying this because he could not be trusted with the gun. Daniel said he was concerned if Spencer kept the gun he would do something bad, so he was able to convince Spencer to give him the pistol. > lie Daniel said he then hid the pistol in his room so Spencer would not be able to find it.

(said here you dont trust me, & took it back cause it's mine & I was leaving

based on what evidence?

Daniel said Spencer's mental state was beginning to degrade at this time as well, he told me he believed it was caused in large part from stress. Daniel said Spencer had recently gotten married and believed this stress, the stress of having a wedding "celebration" coming up, and the stress of recently losing his job had taken a toll on Spencer. Daniel said he believed Spencer was suffering from "psychosis" although had not been formally diagnosed with any mental illnesses. Daniel also described Spencer as recently having "pressured speech" and "disorganized thoughts". I asked Daniel if there were any other behaviors that had him concerned about Spencer, he told me Spencer had recently confronted him and Colleen about his concerns that they had his grandmother killed. Daniel explained to me that Spencer's grandmother had died in the fall of 2016 while in the care of Hospice. * WHAT CARE morphine and no food?

Daniel told me a short time after hiding the gun Spencer gave him, Spencer entered into his bedroom while he was not present and found the gun. Daniel said he was very concerned about Spencer getting the gun back.

Daniel went on to explain the incidents that occurred on 07-18-2017, he told me Spencer and Colleen drove down to Eugene together to work on cleaning a house. While they were gone, Daniel said he went into Spencer's room and found Spencer's gun and hid it in the barbeque outside the house to keep it away from Spencer. Daniel again explained he did not feel Spencer should have a gun because he may hurt someone with it due to his recent paranoid "delusions". > about the hospice? about Dad lying? asking for the truth...

When Spencer and Colleen got back home, Daniel said Spencer was "doing good". Daniel said he and Spencer were in their backyard when he told Spencer he took the gun back. Daniel said Spencer instantly became extremely upset, ran into the house, and ran up into Daniel's bedroom to look for the gun. Daniel said Spencer immediately went to look where the pistol was hid the last time and got upset when it was not there. Daniel said Spencer and him continued arguing about the gun, but it did not turn physical in Daniel's bedroom. Daniel said during the argument Spencer was being "psychotic type loud". Daniel said during their argument Spencer continually yelled that he "wanted the gun", and Daniel was telling him he "needed to leave". Daniel told me he could not remember any more specifics of what was said. > I said I wanted to leave

I asked Daniel to tell me what happened next; he said Spencer then ran downstairs to where his bedroom is located. Daniel told me he followed him.downstairs and continued to argue with Spencer. Daniel told me he was downstairs telling McKenna (Spencer's wife) that she and Spencer needed to leave his house. Daniel said while speaking with McKenna, Spencer returned downstairs with Colleen's safe. Daniel told me Colleen purchased the safe from Spencer a while ago, and had been keeping some items of value inside the safe. I asked if Spencer had any reason to believe the safe was his, or any items within the safe were his, he told me he did not. > Spencers safe

* shared

> my passport

Daniel told me Spencer then began saying he was going to take Colleen's safe with him. He said Spencer said he was going to take Colleen's safe with him unless he was given his gun in return. Daniel said Spencer then attempted to leave his bedroom with the safe so he could leave the house; he said Colleen then stood between Spencer and the door. He told me Colleen was very upset about having Spencer take her safe and said, "No you're not taking that". After Colleen said this to Spencer, Spencer then began pushing her away with the safe in his arms. Daniel said Spencer pushed Colleen away multiple times in an attempt to leave the house with the safe. Daniel told me he then went up and grabbed Spencer in a "takedown hold" to stop him from pushing Colleen. Daniel described the way he gripped Spencer as wrapping his arms around Spencer's waist area while Daniel was facing him. Daniel said he also wrapped up Spencer's arms when he grabbed him. Daniel said he forced Spencer's head down towards the ground, so Spencer's face was down in between Daniels legs. Daniel said he

you take my property I take it back
granny, gun
passport

then "somewhat" went to the ground with Spencer while he was holding him, he said he continued to hold onto Spencer for 2-3 minutes while trying to get Spencer to "calm down".

Daniel said while he was holding onto Spencer he began feeling like he was "getting poked". Daniel said he could not tell what was happening, but he asked Spencer if he was stabbing him with something. Daniel said he originally thought Spencer found something on the ground and was trying to stab him with it. Daniel said after he asked Spencer if he was stabbing him, Spencer said he carries a knife. Daniel told me it seemed like Spencer was "bragging" and trying to intimidate him by saying that. Daniel said after he realized he was being stabbed with a knife he grabbed Spencer's right hand (the one he was holding the knife with) and held onto the hand for what he speculated was 2ish minutes until Spencer eventually dropped the knife.

poking

LOL (poker medicine man coyote (blue)

= "I dont trust men like you!"

I do not brag about not trusting people

I asked Daniel what eventually caused Spencer to drop the knife, he told me he believed it was because everyone else who was in the room was telling Spencer to drop it. Daniel told me he believed his son's wife, McKenna, convinced Spencer to drop the knife while Daniel was holding onto him. Daniel said after he got the knife away from Spencer he went upstairs to where he believe Colleen was on the phone with police. I asked Daniel what Spencer did after they separated, and he said it looked like Spencer walked over towards the door with McKenna, but he was unsure if he left at that time. I asked him if he had any additional contact with Spencer before my arrival, he told me he did not.

> cause I dont trust DAN who made my family not trust me!

I asked Daniel about Spencer's mental health history, he told me Spencer had never been diagnosed with any mental illness. Daniel continued by telling me that they did get Spencer to call the Crisis Line last Monday (07-10-2017) but he did not feel it had any positive impact.

* (Lie)

Before concluding my interview with Daniel I asked him if he felt there was anything else I should know, he responded by explaining to me that Spencer has recently been very "paranoid of people" and even purchased some "spy glasses". Daniel told me he and Spencer had "never been physical" before, so this was "completely out of the ordinary".

REC.

FALSE ... CATCH 22

rare: a father never physical w/son hmmm....

then why physical now? to calm? As never before? a kid w/ schiz? hmm...

DANIEL'S INJURIES:

When looking at Daniel's injuries I saw a cut on the palm-side of his left pinky finger. The cut ran from near the base of his finger, to just above the second knuckle. This cut was a little over one-inch long, and approximately1/4 inch wide at its widest. The skin had not been removed from his finger entirely, but was cut and left the outside of the skin still attached to his finger. This wound was still actively bleeding during my interview with Daniel, and he kept a paper towel on it to catch the blood.

Daniel also had a puncture wound on his upper triceps on his left arm. The puncture wound was approximately ¼ inch long and approximately 1/8 inch wide. I was unable to tell how deep the puncture went into Daniel's arm. There was a substantial amount of blood running down his arm away from the puncture.

The last injury I observed on Daniel was a puncture wound just above Daniel's left hip. The puncture was approximately ½ inch long and ¼ inch wide. I was unable to tell how deep this puncture went into Daniel's side, but I heard medics tell Daniel this was the wound they were most concerned about. 2"

Please refer to the photographs for a visual depiction of the injuries to Daniel.

AFTER INTERVIEWING DANIEL:

I was notified other officers had located Spencer, and placed him into custody up near McDonald-Dunn Forest (See Officer Robertson and Officer Ray's supplemental reports for additional information). I spoke with Officer Robertson and told him I had probable cause to arrest Spencer for Assault and Robbery. Officer Robertson told me Spencer exercised his rights to not speak to officers regarding the incident without an attorney. I requested Officer Robertson transport Spencer to Good Samaritan to be medically evaluated before being transported to The Benton County Jail.

I want one!

Before leaving the residence, I provided Colleen and Daniel with a Victim's of Domestic Violence Rights Flier and my business card. I also completed the Domestic Violence Lethality Screening with Colleen on Daniel's behalf because Daniel was preparing to go up to the hospital, and they screened in. Colleen said they did not want to speak to a CARDV representative at that time.

poked

During my investigation I developed probable cause to arrest Spencer Barrett for Assault II (Domestic Violence) based upon the fact Spencer intentionally stabbed his father, Daniel Barrett with a dangerous weapon three times, causing physical injury.

2 people

my property passport

During my investigation, I developed probable cause to arrest Spencer Barrett for Robbery III based upon the fact Spencer used physical force in an attempt to steal Colleen's property by pushing her multiple times in an attempt to overcome Colleen's resistance.

> overcome trapping me

I developed probable cause to arrest Spencer Barrett for Criminal Mischief III based upon the fact Spencer intentionally urinated in the back of Officer Robertson's patrol car while being transported to the Benton County Jail, causing a substantial inconvenience.

> I asked to go to BR several times in Hospital

When Officer Robertson arrived at the Jail, I met him over there. I then filled out the booking paperwork for Spencer, provided them with Spencer's medical clearance paperwork that Officer Robertson provided me, placed a copy of my business card with his belongings, and later returned with an Affidavit of Probable Cause.

EVIDENCE:

Back at the LEC, I placed the following items into evidence:

A fixed blade knife with a wood handle, and approximately 3 ½ inch metal blade. Both Daniel and Colleen told me this was the knife used by Spencer to stab Daniel.

A leather knife sheath, found on Spencer's person when he was taken into custody.

A green Rebook brand-shirt, worn by Spencer underneath another shirt. This shirt had urine on it and was placed into our large evidence locker to dry.

A blue Gerry brand button up polyester shirt worn by Spencer. This shirt had urine on it and was placed into our large evidence locker to dry.

A pair of khaki shorts with blood on them, there was blood located on one of the left cargo pocket, and another spot of blood on the right leg. These shorts had urine on them and was placed into our large evidence locker to dry.

I placed Spencer's blue champion underwear into a biohazard bag and discarded them because they were soaked with urine and were not of evidentiary value.

A black bag, found with Spencer when he was taken into custody. The bag contained various electrical accessories (chargers, batteries, cords, etc.), various notepads, and a laptop computer. The bag also contained a Samsung tablet and a Samsung Galaxy S 5, which were logged separately. All of these items were placed into safekeeping

A small black collapsible box was found inside the bag as well, and it contained a small container of marijuana and a marijuana glass pipe. These were submitted to evidence for destruction.

> WHAT?

Lastly I submitted two CDs with the photographs taken into evidence.

This concludes my involvement with this investigation.

SUPPLEMENTAL REPORT BY OFFICER PALMER Ofc/Dep: PALMER, CHARLES

On Tuesday July 18, 2017 at approximately 2145 hours, I responded to [redacted] to assist Officers Ray, Davis, Stenger, and Robertson after a report of an assault occurred.

INTERVIEW WITH NICHOLE BARRETT:

Upon arrival I contacted, Nichole Barrett in the front yard of the residence. Nichole stated at approximately 2115 hours, she returned home from work. Nichole said once she walked into the house, her mother, Colleen Barrett, told her to help her father, Dan Barrett, in the down stairs living room. Nichole said Colleen had told her Dan was in an altercation with her brother, Spencer Barrett.

Nichole said after she walked down stairs, she observed Dan and Spencer wrestling on the ground. Nichole stated Dan had Spencer "pinned" to the ground and said, "Drop the knife."

I asked Nichole if she observed a knife in Spencer's hand. Nichole said she did not. Nichole stated while Dan was wrestling with Spencer, Spencer's wife, McKenna Barrett, told her not to get involved, so she kept her distance from the altercation and only observed Dan on top of Spencer.

Nichole said after she observed blood on Dan's shirt, she immediately ran upstairs and told Colleen to call the police. Nichole said after Colleen called 911, she went back down stairs to check on Dan. She said once she walked back down stairs, she saw Dan and Spencer standing, facing each other with Dan in possession of the knife. Nichole said once Dan had the knife away from Spencer, Spencer began to yell at Dan saying, "You did this to yourself." — self defense / stealing my property / not letting me leave

Colleen was pinning me too

email proof

Nichole said she went back upstairs after hearing Spencer continue to yell at Dan until law enforcement arrived. I asked Nichole if she observed Spencer leave the residence. Nichole said she did not. Nichole said it would have been likely that he left through the back door located on the north side of the residence attached to the downstairs living room.

I asked Nichole if she knew what caused the fight between Dan and Spencer. Nichole said she believed the argument occurred after Dan had taken Spencer's "gun" away. I asked Nichole if there was a reason why Dan felt the need to take away Spencer's firearm. Nichole said Dan "just didn't want guns in the house."

I asked Nichole if Spencer had any hang out locations near the residence. Nichole said Spencer had run away approximately a week ago and was located near "dimple hill" north of the residence. Nichole also said Spencer was known to spend a lot of time on the trails that run through the McDonald-Dunn Forest. This ended my contact with her. I radioed to units in the area of Spencer's possible location.

hired early June
first work July 10th

missed July 5th for "family"

city recorder $25/hr

INTERVIEW WITH MCKENNA BARRETT:

McKenna stated prior to the argument, Spencer and she were cleaning his grandmother's house. McKenna said after arriving home, she went down stairs to their bedroom and dropped her stuff off. McKenna said while she was in the bedroom, she heard an argument between Spencer and Dan, coming from the green house in the back yard. McKenna said the argument consisted of Spencer yelling at Dan for hiding his firearm. McKenna said Dan told Spencer he would "give it back when he was stable."

I asked McKenna if Spencer suffered from a mental illness. McKenna said Spencer did not. McKenna said Spencer was currently under a lot of "stress" because Dan has continued to tell him he needs to find "work."

ignoring my comm. work

McKenna said Dan and Spencer have argued "a lot" during the past few months about this issue.

McKenna said after Dan and Spencer walked back into the downstairs living room from the backyard, they continued to argue about the firearm. She said Dan became angry over arguing with Spencer, which resulted in him telling Spencer and her to "leave."

McKenna said while Spencer and she were gathering their belongings, Dan continued to "yell" at them to "leave." McKenna said Dan continued to antagonize Spencer by not giving him space, which made Spencer irritated.

Spencer's

McKenna said while she was grabbing her belongings, she observed Dan's personal safe on their bed, which Spencer had grabbed previously from Dan's bedroom. McKenna said while the two of them attempted to exit their bedroom, Colleen "pushed" Spencer and told him, "You can't take the safe." McKenna explained that Spencer had grabbed the safe and attempted to leave with the safe in his arms. I asked McKenna if Spencer believed his firearm was in the safe. McKenna said she did not know. > yes I did

McKenna said Spencer then began to push Colleen and Dan out of the way to make a path for himself. She said after Spencer made it through the doorframe of his bedroom, Dan wrapped both of his arms around Spencer like a "bear hug," trapping Spencer's arms, preventing him from leaving. McKenna said the two of them then began to "wrestle" on the ground. McKenna said during the altercation, Spencer continued to tell
* Dan, "let go of me." She said Dan replied to Spencer saying, "I'm trying to calm you."

McKenna said during the altercation, Dan was able to pin Spencer down on his "side," after the two of them were "summer salting" on the ground for approximately two minutes. She said after Dan had control of Spencer on the ground, Dan said, "You bastard, you stabbed me." I asked McKenna if she observed Spencer stab Dan. McKenna said she never observed Spencer in possession of a knife throughout the entire altercation and had no idea Dan had been stabbed prior to his statement. McKenna went on to say it was very common for Spencer to carry a knife though.

McKenna said once Dan and Spencer stood up, she observed a "bent fixed blade camping knife, with a wooden handle," in Dan's left hand. I asked McKenna if there was blood on the blade. McKenna said she did not observe any blood on the blade, but saw blood on Dan's shirt.

McKenna said after the two of them stood up, they continued to yell at each other. McKenna said Spencer told
* Dan, "I'm gonna leave, I just want my property back." McKenna said she separated herself from the altercation and went back into their bedroom to collect her belongings to leave the residence not acknowledging either one of them. She said once she exited the bedroom with her belongings, she could not find Spencer. I asked her if she observed him leave. She said she had "no idea" he left the residence. This ended my contact with her.

I entered the residence and contacted Alexandra and Danielle Barrett. I asked the two of them if they were present during the altercation. Both of them stated they were not. They both said they arrived home after law enforcement were at the residence and did not have any knowledge of the incident. This ended my contact with them.

I contacted Officer Davis on the back patio of the top floor of the residence. Officer Davis informed me that he was going to seize the Smith and Wesson SD9VE with a serial number of (FYS9162) belonging to Spencer. I returned to my patrol vehicle and secured an evidence bag and a zip tie. > WTF!

I returned to the residence and located the handgun in the cabinet below the grill, located at the northeast corner of the top floor deck. The handgun was securely placed in a black nylon holster, with an additional magazine affixed to the holster. Prior to placing the handgun in the evidence bag, I cleared the firearm and then placed a zip tie through the barrel of the handgun ensuring the weapon was inoperable.

I later returned to the Law Enforcement Center and ran the firearm through LEDS/NCIC to check if the firearm had been stolen. Dispatch informed me the firearm was not reported stolen. I later placed the handgun in to evidence as item number one. I then placed the two magazines, and the black nylon holster into evidence as item number two. This ended my involvement in the case.

DISPOSITION: SUPPLEMENTAL

DISTRIBUTION: REC, DAO

CHARLES PALMER 860

SUPPLEMENTAL Ofc/Dep: RAY, EZEKIEL

Officer: Ezekiel Ray
Report: Supplemental

On Tuesday, 07/18/17, at approximately 2131 hours I heard dispatch report that there was a stabbing in progress at [redacted] Dispatch advised a son had stabbed his father in the hand with a knife. Sergeant Goodwin, Officer Stenger, Officer Robertson, Officer Davis, and I responded to the scene.

Upon arriving, I ran towards the house and was advised by Sergeant Goodwin the suspect, Spencer Barrett, ran north towards NW Honeysuckle Drive from the house. I was told he was a white male, with blonde shoulder length hair, 6'01", and 160 lbs. I was later advised the male possibly had on no shoes. I searched the area in my patrol vehicle for Spencer with other Officers and we were unable to locate him. Dispatch advised someone called in and said they saw a male with a bag going up a path to the north of NW Honeysuckle Drive. Officer Davis was at the home speaking with witnesses and he informed officers via the radio that Spencer had a history of schizophrenia

Awesome name

I went to the area and met up with Officer Robertson, Sergeant Peterson (BCSO), and Deputy Weikel (BCSO K-9) to do a track with the dog in the McDonald-Dunn Forest area for Spencer. I grabbed my patrol rifle because of the terrain we were going into and not knowing if Spencer had any more weapons with him and for the fact he just stabbed his father multiple times. Officer Robertson grabbed the less lethal shotgun as a less lethal option. Sergeant Peterson had night vision and Deputy Weikel had his K-9 partner (Vortex).

→ they said NO! or yeah LOTS OF CAROTS

Deputy Weikel's K-9 partner led the way on the track as we entered the forest just north of 4447 NW Honeysuckle Drive. As we made our way north in the forest Deputy Weikel gave warning he had a dog and that if anyone was within the forest they should make themselves known or they could possibly be bit. We walked for quite some time along a path that went north when we came up an incline where there were an open way for the power lines. The K-9 began to bark at the tree line that was to the north of us. We illuminated the area with our flashlights and I could see a hammock and a male lying inside of it.

Commands were given to the male to show his hands and he did. Officer Robertson asked the male if he was Spencer and he replied yes. He was instructed by Officer Robertson to come toward us and I could see an empty sheath for a knife on his waistband near his right hip area. I pointed the rifle at Spencer as commands were given to him because of the high probability of him having a weapon on his person and because of his propensity for violence considering he just stabbed his father. He was asked if he had a knife on him and he stated he was not sure. Officer Robertson gave him further instructions to lift up his shirt and he did but his full waistline was not visible. At one point, Spencer placed his hands into his pocket, I told him not to, and he quickly removed them from his pocket. He was instructed to take off his belt and he had trouble doing so, so he was asked to take off his shorts and he did. He was told to lay on the ground with his hands down to his side and he did. We approached and Officer Robertson applied handcuffs to Spencer (See Officer Robertson's Supplemental). Officer Robertson told Spencer his Miranda Rights and Spencer stated he understood them.

While Officer Robertson and Sergeant Peterson stayed with Spencer I went towards the hammock he was in. I located a tall glass bottle with the remnants of an alcoholic beverage in it, inside of the hammock. Also in the hammock was a black bag that sat atop of the glass bottle. The bag appeared to be some type of laptop bag and it had computer equipment and notepads in it from what I could see when I picked it up. The bag was heavy. I searched the immediate surrounding area for items and did not locate any. I took photos of the hammock area and of the tall glass bottle.

I relocated to where Officer Robertson was with Spencer. Spencer's shorts were on him at this time. Spencer had a camera around his neck, which was taken off during our initial contact with him. I took photos of Spencer and of some dried blood on his tan colored shorts. I opened up the maps application on my work Iphone and took a screen shot of our location in the McDonald-Dunn Forest.

We walked back to where our patrol cars were on NW Honeysuckle Drive. While walking there Spencer spoke of how he had drank some home brewed beer while in the hammock that was located in the tall glass bottle. He also spoke of other things unrelated to what had occurred like the power outage earlier in the night and his belief it was other countries attacking our power grid.

LIKELY

When we returned to the patrol vehicles Spencer was placed in the backseat of Officer Robertson's patrol vehicle. Officer Robertson transported Spencer to Good Samaritan Hospital and I left the scene, ending my involvement in the case.

The photos I took at the scene were later placed onto a compact disc (CD) and given to Officer Davis for submittal into evidence.

Nothing further.

SUPPLEMENTAL INFORMATION
OFFICER ROBERTSON #845

INITIAL RESPONSE AND AREA SEARCH

On 07-18-2017, at approximately 2131 hours, I responded with multiple officers to 3833 NW Boxwood Dr for a report of a stabbing that just occurred. Dispatch advised a male (later identified as Spencer Barrett) had ~~stabbed~~ poked his father over a dispute involving a firearm. It was reported the caller currently had possession of the knife. While en route, dispatch updated the information and stated there were multiple knives in the suspect's room and available to him.

As I arrived in the area, I heard over the radio that Officer Davis had arrived at the residence. Before I made it to the residence, Sergeant Goodwin broadcasted a passerby had seen a male running north from the area with no shoes. I began searching north on NW Honeysuckle Dr. While searching the area, dispatch advised another bystander just reported a male matching Spencer's description was seen running north on a footpath leading into the McDonald-Dunn Forrest. The path was described as being near 4448 NW Honeysuckle Dr.

During my initial search of the area, I heard Spencer may suffering from schizophrenia or other mental health issues. However, I don't specifically remember when I learned that information.

The path was located directly north of 4447 NW Honeysuckle. BCSO K9 Deputy Weikel and Sergeant Peterson had also been in the area to assist with the search. They were arriving at the path as I approached. Officer Ray was also present.

I removed the less-lethal shotgun from the carrying cradle in my patrol vehicle and followed Deputy Weikel and K9 Vortex, Sergeant Peterson and Officer Ray up the trail. We walked for some distance up the trail but we moved slowly as it was extremely dark in the wooded areas. We eventually emerged into a power line right-of-way and onto a narrow gravel road. K9 Vortex initially veered north, then doubled back and took a branch of the road that lead east. K9 Vortex was clearly pulling against the leash and becoming more eager as we climbed the hill. As we neared the top, K9 Vortex turned north and towards the tree line on the edge of the right-of-way.

ARREST OF SPENCER BARRETT

Deputy Weikel announced the presence of the K9 as we neared the tree line. I heard someone's voice and saw a male reclining in a hammock between to trees. I ordered the male to walk into the open area. I asked if he was Spencer and he stated he was.

I later used Google Maps to approximate the location where we contacted Spencer: 44.608903, -123.294439.

I observed an empty leather knife sheath hanging from Spencer's belt near his right front pocket. He was wearing a loose fitting button down shirt, khaki cargo shorts and had a large camera around his neck. I was unable to determine if he currently possessed a weapon at that point because of his loose fitting clothes. I asked Spencer if he had a knife and he stated something similar to "I'm not sure." > I said I had one in bag

(on record)

I ordered Spencer to lift his shirt and turn in a circle so I could see his waistband. He complied. Spencer was wearing a belt and could easily conceal a knife inside his waistband or cargo pockets. I instructed him to remove his belt so any knife concealed in the waistband would fall to the ground. Spencer attempted to remove his belt but had difficulty unbuckling the buckle.

> I actually took off my shorts on my own request

on my own ☺

I gave him instructions to remove his shorts and step a few paces away. After he had done this, I ordered him to lie on the ground face first. I passed the less-lethal shotgun to Sergeant Peterson and advanced with Officer Ray to apply handcuffs. I took custody of Spencer without incident (checking for proper tightness and double locking the cuffs). After cuffing Spencer, I advised him of his Constitutional rights per Miranda and asked him if he understood. He stated he did. I asked Spencer if he understood why he was being handcuffed. He said he understood but did not want to answer any questions without an attorney present. I stopped questioning Spencer regarding the incident at that point.

I asked Spencer how he was doing physically or if he was injured. He said he was uninjured. I searched Spencer's cargo shorts before helping him don them once more. I removed a cellphone from the front pocket of his shirt. Spencer said he wanted to keep his cellphone because it was recording us. Spencer also requested we photograph him to document any police abuse. Officer Ray captured several photos of Spencer in the field.

While searching Spencer's cargo shorts I noticed a small amount of blood on the right pant leg. I believed the blood had come from the victim because Spencer had no obvious injures that were bleeding.

Officer Ray searched the area where Spencer had been reclining in the hammock and located a black bag. We walked back to our patrol cars and I maintained custody of Spencer. His property was also brought out. I placed Spencer in my patrol car along with his property. I advised Spencer he was being recorded in the vehicle.

JAIL CLEARANCE

Officer Davis contacted me by phone and requested I transport Spencer to Good Samaritan Hospital for a jail clearance. He advised he had probable cause for Robbery and Assault.

he diagnosed me w/ a stethoscope — that's it.

Upon arrival at Good Samaritan, I walked Spencer to room #12 where he was examined by Dr. Woods. During the examination, Dr. Woods was asking basic medical questions when Spencer glanced my direction and stated "I don't want to say anything to use — No I said, he didn't even move or examine my body & we talked w/ effects of holding bladder yata psych

BINGO
"crim. mischeif my ass"

against me."

* During the evaluation, Spencer said he had to "pee." I explained I would be transporting him to jail shortly and could relieve himself there. Dr. Woods subsequently cleared Spencer for jail and we left the hospital.

As we neared the BCCF, Spencer said something similar to "I want to make a statement before I forget." I activated the camera inside the vehicle as he was talking. I was not talking with or asking Spencer any questions to elicit his statements. He simply offered them of his own volition.

Spencer stated, "I want it to be recorded that I did ask for my family to call police when my father tackled me. Because I was scared for my life, I did that before I reached for any weapon." He went on to say he was walking out with a safe when his dad tried to stop him. He stated he "pushed past" him. He further stated, "I had a knife on my side and I put it up next to him."

I ASKED TO BE RECORDED.

I reminded Spencer he was being recorded. He stated, "I knew that we were being recorded, that's why I said that." I want to be recorded

hmmm..

TRYING TO MAKE ME LOOK MISCHEIVIOUS

I arrived at the jail and met Officer Davis there. I provided Officer Davis with the jail clearance paperwork and left the area when jail staff removed Spencer from my patrol vehicle.

I checked the backseat of my car for contraband when I arrived at the LEC. I observed a significant amount of liquid on the backseat and floorboard of the vehicle. It had flowed across the floor and reached the opposite side of the vehicle. I immediately detected the odor of urine. I contacted Officer Davis by phone and informed him I believed Spencer had urinated in the patrol car. Officer Davis confirmed Spencer had urinated himself. I later cleaned the backseat of the car.

I later provided Spencer's bag to Officer Davis at the LEC. This concluded my involvement in the case.

Officer Robertson #845

SUPPLEMENTAL
Ofc/Dep: STENGER, JOHN

On 07/18/17 at approximately 2131 hours dispatch advised there was a stabbing in progress at [redacted] The complaint was called in by Colleen Barrett and she advised her husband, Dan Barrett was stabbed in the hand by their son, Spencer Barrett. Officer Robertson, Officer Davis, Sgt. Goodwin, Officer Ray and I responded to the scene. While driving to the location dispatch advised, the knife had been taken away from Spencer.

Upon arrival, Sgt. Goodwin advised me the suspect (Spencer) ran from the house northbound towards NW Honeysuckle drive. Spencer was described as being 6'01" with shoulder length blond hair and wearing no shoes. I searched the area for Spencer along with other officers and did not locate him. While searching the area I encountered two groups of pedestrians. I advised the persons I encountered we were looking for a person of interest and gave them the description asking them to call if they see anyone matching it.

I drove down to the area of NW 29th and NW Walnut in the event Spencer made his way south. A short time later dispatch advised someone called in stating they saw a male travelling up a path to the north of NW Honeysuckle Drive. Officer Ray and Officer Roberson with the assistance of Deputy Weikel and his K9 responded to this area. I responded back to the residence to assist Officer Davis with interviews.

Upon arrival, I spoke with Spencer's mother, Colleen Barrett. Colleen was visibly upset and shaken by the incident. She told me she arrived home at approximately 2120 hours. Colleen had been in Eugene with Spencer and his wife McKenna. Colleen told me Spencer and McKenna live at the residence. During the time they were in Eugene, Spencer had repeatedly stated he wanted to get a gun back from Dan (his father).

my mistrusting family
and systematically distorted
institutions

Colleen told me Spencer is Schizophrenic but has never been diagnosed and is not on medications. Colleen told me she did not know much about the gun Spencer was talking about but knew Spencer was given a gun by his father in law from Arizona. Spencer had a conversation days earlier with Dan and told him it was not responsible for anyone to have given him a gun because of his mental health issues. Spencer told Dan he wanted him to take the gun and Dan agreed to take the gun due to Spencer's mental health issues. Colleen stated Spencer is extremely paranoid and believes people and the world are against him.

NO I WAS DOWN
TRUST
NOBODY

Colleen said after they arrived home and walked inside she could hear Spencer yelling at Dan to give him back the gun. Spencer then took a safe out of Colleen's bedroom and went downstairs with it. The safe was a portable document type safe. Colleen told Spencer he could not have the safe but he would not give the safe back. Colleen said she initially thought Spencer believed his gun was in the safe so she told him the gun was not there. Colleen said Spencer stated he would give her back the safe if they would give him back the gun.

Colleen said she pulled the safe away from Spencer after as short struggle, then took it back upstairs (hiding it in the laundry room). Colleen said she then heard Dan yelling from downstairs, "You stabbed me!" Colleen said she went downstairs with her son Nate and her daughter Nicole who were also at the residence. Colleen said she saw Dan restraining Spencer on the floor in the bathroom. Spencer was on his side and Dan was on top of him.

interview?

Dan was holding Spencer by both wrist and Spencer had a knife in one of his hands. Colleen said she tried to get the knife out of Spencer's hand by squeezing his hand.

Nate and Nicole did not physically get involved by told Spencer to calm down and to let go of the knife. Colleen said Spencer let go of the knife and she took the knife upstairs and called 911. Colleen said she believed it was at that time Spencer ran out of the residence from the back door downstairs. Colleen said she did not see Spencer run away as she was upstairs.

Colleen said Dan came upstairs and started washing his wounds off which included three lacerations (one left hand, one left arm and one left side torso). Colleen said shortly thereafter police arrived on scene. I asked Colleen if she was injured in anyway during the incident and she told me she was not.

This concluded my involvement with the incident.

Supplemental report only.
